II. Circulation

South Central Library System is continuing to work with the vendor to resolve the issues with Bibliovation software.

**Critical problems in Bibliovation include:**

- Hold expiration settings ignoring Closed days in library calendar (should be fixed in 2/24 update)
- Checking out a hold on behalf of another patron does not clear the hold
- Slow response times for patrons with large volume of transactions
- Batch edit is very slow or batch doesn't process
- Reduced Transportation Holds is not working
- Owning library does not list first in catalog
- LINKCat mobile app continues to have bugs although a recent update resolved some issues.

**Problems that have been resolved this month:**

- Holds Sequence not being followed on pick list, cannot pass an item on the pick list
- Print window when printing circulation slips (receipts and hold slips) should close automatically

2019 Goals - Stacey Burkart

Goals and Objectives for the Verona Public Library in the 2019 Budget

- Increase service to the community by making a permanent change to our library hours, adding Sunday afternoons during the school year.
- Improve library service related to technology by upgrading wifi access points, replacing older public computers, and offering personal archiving equipment.
- Increase access and decrease wait times for e-book and e-audio materials.
- Eliminate fines for overdue materials.

Administration:

   The Public Behavior Policy was updated October 2019 and the Child Safety Policy has been revised and is currently up for board review.

2. Review the Computer and Electronic Device Use Policy in terms of juvenile access to technology by the end of 2019.
   The Public Computer and Electronic Device Use Policy was revised in May 2019. The library board did not make any changes to the policy regarding juvenile access to technology at that time.

3. Develop a process for fundraising at larger endowment sponsored events and raise an additional $25,000 for the Library Endowment Fund through fundraising events and end of year mailing campaign by the end of 2019.
   The library raised $39,622 for the endowment fund in 2019, through fundraisers, mailing, campaign, and memorial donations. We did not have any large endowment-sponsored events in 2019 but held a series of smaller programs related to the Monarch butterfly exhibit.

4. Determine what content a 3-year strategic plan will include and conduct survey on the future of library service with staff and board by the end of 2019.
   With the help of board president Chris Hopp, strategic planning exercises were conducted with the library staff and library board. I also attended a one-day training on strategic planning offered by CVMIC. This goal is still in progress.

Collection Maintenance:

1. Oversee creation of an OverDrive Advantage account to decrease wait times for Verona Library patrons for e-books and e-audiobooks by May 2019. Effectiveness and impact will be measured by determining increase or decrease of average OverDrive wait times for Verona patrons. Once several months of data is collected, that information will be used to make future budget recommendations for the Advantage account.
   The libraries OverDrive Advantage account was created in May 2019 and between June and December of 2019 average wait times for items decreased by four days. In 2020, the library will again purchase $5000 worth of OverDrive titles based on highest demand.
Library Service:

1. Oversee creation and implementation of a personal digital archiving lab by October 2019. The Personal Archiving Lab was made available to the public in October 2019 and 17 people have used the lab during the first five months. The library will continue to promote this new service and train additional staff on how to use it.

2. Maintain or increase the level of library outreach and increase library outreach to Spanish speakers in 2019. Marissa continued to interact with Spanish speaking families at Badger Prairie Needs Network each week. She also continued her regular involvement with the Nakoma Kids’ Club, arranging visits to the library and getting children library cards and books. In 2019, Marissa began attending Verona Area School District screening days and got materials about library services in Spanish to families who needed them.

Facilities Management:

1. Work with South Central Library System to upgrade the library wifi network in 2019 or 2020. The wifi network was upgraded in January 2020. We increased from four access points in the building to nine. This should meet our anticipated wifi needs for the next.

2. Replace and upgrade 100% of public lab PC computers to improve computing services for library patrons by December 2019. This moves public lab computers to a three-year replacement schedule rather than a five year schedule. The public lab computers were upgraded in April 2019.

3. Complete reupholstery of 20 chairs in the teen and adult areas of the library by August 2019. The upholstery project was completed in June 2019.

4. Explore expansion of library hours to include summer Sundays by evaluating circulation statistics at other area libraries and defining the potential budget increases for staffing costs and facility operations by August 2019. The library hours were expanded to include summer Sundays as part of the 2020 budget process. Evaluation of circulation statistics from area libraries supported the expansion of hours.
