**Subject:** Downtown Plan

Dear Bruce,

As a resident of Verona and an associate of Park Bank, I want to express my thoughts on the proposed changes in the draft plan.

Park Bank has made a substantial investment in Verona with a beautiful building that is built on the front of the property, just like a classic American downtown. I would love to see this design approach incorporated into the the comprehensive plan. Also, since the bank sits on a corner lot and was designed with access points on each side of the building, I would be in strong opposition to any changes there since that would dramatically affect our customers ability to use our facility.

I am very happy to call Verona my home and I look forward to many exciting developments for our downtown and our city.

Thank you,

**Dan Leeder**
