Integration

6

The congestion on main street @ this time is very limited and doesn't garner a grave reaction. I believe we could slow down traffic on main street via more stop signs & or lights and that would provide for more pedestrian friendly crossings. Why not keep downtown more accessible to people who live & shop here not people driving through. Williamson street is an interesting model. They (Madison) have protected neighborhoods,

Slowed traffic and businesses are prospering.

We cannot stop traffic to & from the schools @ peak times but slowing the vehicles down will be safer for all.
