The proposed plan puts many residential families at risk due to higher traffic, let alone will negatively affect businesses along main st and Verona Avenue. Traffic is not that congested, and I am sure there are other less dramatic plans that would be more beneficial. From the vet. clinic stand point it would put a lot of pets at risk and hamper buisness to have such a major intersection outside our doors.

Please use the reverse side of this page for any additional comments.

THANK YOU FOR YOUR INPUT!!
