

City of Verona
2008 Comprehensive Planning Process

Comment Card

Any person, organization, agency or other group that would like to provide suggestions, ideas, feedback on drafts, or other input for use in creating the City of Verona Comprehensive Plan must use this form. *Completed* forms should be returned to a) the Department of Planning and Development at Verona City Hall, 111 Lincoln Street, b) the front desk of the Verona Library, or c) to Bruce.sylvester@ci.verona.wi.us. Completed forms will be provided to the Comprehensive Plan Committee for review and consideration. Questions can be directed to Bruce Sylvester at 848-9941 or Bruce.sylvester@ci.verona.wi.us

1. Your Name:

Dan + Linda Hoffman

2. Your Home Address:

202 S. Shuman St. Verona, WI 53593

3. Agency, organization or group for whom you are submitting comments—if any:

4. Chapter Number and Name you wish to comment on—if any: (For example: Chapter 3—Transportation)

(Note: Please use one comment card for each chapter. For example—fill out one comment card for Chapter 3—Transportation and a *separate* comment card for Chapter 8—Land Use.)

Chapter 3 transportation

5. Comments, suggestions, feedback on a draft chapter, or other input:

(Note: If you are commenting on a specific draft chapter—please reference the date of the draft chapter and please be as specific as possible by providing page numbers, table numbers, or other specific references from the draft chapter to help us incorporate your suggestions/ideas.)

What are you thinking? This is the most ridiculous plan we have ever seen. Have you considered the problems this will cause for all the residents on Shuman St. According to the map, it appears that the brick building on the corner of N. Shuman + Verona Ave will be removed. Verona wants to keep business in the downtown area but these businesses will be removed. Why ~~move~~ already established businesses or will they leave like Brunell Lumber del? It appears that this bypass of Main St is for only

Please use the reverse side of this page for any additional comments.

THANK YOU FOR YOUR INPUT!!

Optional: Please provide your phone and e-mail address: 845-7085 wheezy@chorus.net.

3 blocks of main street. What a waste of tax payers dollars
What will happen to the residents on N + S Shuman St.
N + S Shuman St has several young families with young
children - Why would you increase traffic + jeopardize the
safety of these families? There is also a blind resident on
N. Shuman Street - he also would have a safety issue with
increased traffic.

What about the many senior citizens who walk + cross
S. Shuman Street every day? Many of these residents go to the
grocery store every day + sometimes several times a day. Will
there be a crossing yard to assist these seniors across the street?

Since Shuman Street is residential, + homes have only a short
drive way, where would guests park that visit these families
on Shuman St?

Where will all the residents in the apartment building park?
The lower parking lot is not big enough to accommodate
all the vehicles.

What will happen to the delivery trucks for Miller's? Many
park + unload on S. Shuman St + Park Lane. How will
this road affect their deliveries?

The cost to reroute main st for 3 blocks is tremendous ^{We are} ~~for~~
sure of that. Where will the money come from? TAXPAYERS
AGAIN?

~~The~~ Our suggestion is to make main St 2 way - double lanes +
eliminate on street parking.

A roundabout at that intersection is out of the question. Three
roundabouts may speed up the traffic through the intersection
but they are DANGEROUS because stupid + inexperienced drivers
don't know how to drive around them.

We have been in 3 near crashes because of idlers in the
wrong lane cutting in front of us.

Learn the intersection as is, or change the terrain ~~to make~~ the better
